Berlin, 21 November 2023

Your application number 2973566

Dear Huzaifa Malik,

With your application you chose one - or more than one - university that requires all its international applicants to have their applications pre-checked by uni-assist. We now completed our evaluation and would like to inform you accordingly:

**Bauhaus-Universität Weimar
Master - Human Computer Interaction**

We regret to inform you that your application could not yet be forwarded to the university you applied to.

Reason(s):

You have not achieved the minimum grade required by Bauhaus-Universität Weimar for admission to this degree programme.

The Master's program of your choice requires a minimum German grade of (2.5). The conversion of your degree has determined that your German grade is (2.9). Please note that the German grading system is based on a 1 to 4 scale, with 1 being the maximum grade.

Your German grade has been converted according to the set guidelines of the Central Office of International Education using the so-called Modifizierte Bayerische Formel:

$N_{\max} - N_d$

----- * 3 + 1

$N_{\max} - N_{\min}$

The conversion has been carried out using the standard maximum grade ($N_{\max}=4$) and the minimum grade required for the bachelor degree to be awarded to you by your university ($N_{\min}=2$), as well as your grade point average as shown on your transcript ($N_d=2.69$).

Please note that according to the guidelines given by the Central Office for Foreign Education (ZAB) grades are converted with the minimum required for the award of degree (not the minimum for single subjects/courses).

Hochschule Nordhausen

Master - Computer Engineering for IoT Systems

We are forwarding your application to the Hochschule Nordhausen for further consideration.

The university will contact you directly.

Hochschule Fulda

Master (FH) - Global Software Development

We regret to inform you that your application could not yet be forwarded to the university you applied to.

Reason(s):

You have not achieved the minimum grade required by Hochschule Fulda for admission to this degree programme.

The master degree course of your choice requires a minimum grade of (2,5) in the German system. After conversion into the German system your grade is (2,9). Please note that the German grading system is based on a scale of 1 to 4, where 1 is the maximum grade.

Your degree grade has been converted according to the set guidelines of the Central Office for Foreign Education (Zentralstelle für ausländisches Bildungswesen - ZAB) using the Modifizierte Bayerische Formel:

Nmax - Nd

----- * 3 + 1

Nmax - Nmin

The conversion was carried out using the standard maximum mark (Nmax 4) and the lowest pass mark required for graduation (Nmin 2) applicable at the university where you obtained your degree, as well as your final mark (Nd 2.69).

According to the guidelines given by the Central Office for Foreign Education (ZAB) grades are converted with the minimum required for the award of degree (not the minimum for single subjects/courses).

Frankfurt University of Applied Sciences

Master of Sciences - High Integrity Systems

We have already forwarded your application electronically to the Frankfurt University of Applied Sciences .

If you have any further questions, please contact the Frankfurt University of Applied Sciences directly.

This letter is not a confirmation of admission. It serves as proof that you have applied to study at an officially recognized university in Germany.

In case you are not yet living in Germany:

With this letter you can apply for a study applicant's visa at the German Embassy / German Consulate in your country. However, the letter does not grant a legal claim for the issuance of a visa.

Universität Rostock

Master - Computer Science International

We regret to inform you that your application could not yet be forwarded to the university you applied to.

Reason(s):

Your application does not contain sufficient evidence of the required level of English language proficiency. Please enquire at the university about the accepted certificates. These can still be submitted until the application deadline.

Please also enquire about whether you need to submit an officially certified hard copy of your language certificates by post or whether an upload is sufficient.

Some English language certificates can be verified online. For more information about this, please visit: www.uni-assist.de/en/how-to-apply/assemble-your-documents/language-certificates/

Where applicable, any other missing documents will automatically be listed below.

BTU Cottbus-Senftenberg

Master - Artificial Intelligence

We have already forwarded your application electronically to the BTU Cottbus-Senftenberg.

If you have any further questions, please contact the BTU Cottbus-Senftenberg directly.

This letter is not a confirmation of admission. It serves as proof that you have applied to study at an officially recognized university in Germany.

In case you are not yet living in Germany:

uni-assist has carried out the pre-check of your documents with the greatest care and accuracy. Should you however feel that we have made a mistake in our pre-check, please write to us. State the reasons for your complaint and please include your application number. uni-assist's management will look into your complaint and get back to you in writing. If after receiving a written reply you are still unhappy, we will send your application on to the relevant university, where a final decision will be made.

Were you satisfied with the service provided by uni-assist?

Then please rate us on Google: https://g.page/r/CQnUPwh_TBpIEB0/review

Sincerely,

Your uni-assist-team
